

ADVOCATE

We celebrate a unique culture and way of learning.

The School of Deaf Education and Applied Studies (SDEAS) is a leader in learner-centered Deaf education. SDEAS champions Filipino Deaf identity and culture through its academic offerings, and formation programs by establishing partnerships between the Hearing and Deaf community.

Deaf Education
and Applied
Studies

INSPIRE

Computer Graphics

Learn techniques in design and computer imaging for print and web.

Entrepreneurship

Acquire knowledge in setting up and managing micro-businesses.

Deaf Learners' Preparatory Course

Can you communicate with your hands?

Gain an in-depth understanding of the Deaf community, Deaf identity, and deafness. After your immersion in the fundamentals of the Deaf Studies program, you can specialize in Computer Graphics or Entrepreneurship.

Applied Deaf Studies

Ensure your readiness for college before advancing to the Applied Deaf Studies program through enrichment activities.

Formation

Our Deaf students' academic experience is complemented with programs in personal development, faith formation, leadership training, volunteerism, and self-expression.

Advocacy

SDEAS conducts Deaf awareness seminars and supports lobbying for legislation policies that uphold Deaf rights.

Filipino Sign Language

A certificate course open to all Deaf and hearing individuals who want to communicate using sign language.
